Arkansas Children's Hospital Foundation

RETURN REGISTRATION FORM AND DEPOSIT TO:
Arkansas Children’s Hospital
Speech Pathology, ATTN: Krista Scruggs
1 Children’s Way, Slot 113
Little Rock, AR 72202
AIM HI is a five day, four night summer program for mainstreamed students entering grades 6 – 10 who are deaf or hard of hearing and use spoken language to communicate. The purpose of the program is to enhance communication skills and expand academic success in a “holistic” fashion.

The theme for the 2017 camp is “Be Heard!” We will use high-energy, low-stress activities to increase your child’s self-confidence and understanding of their own strengths and abilities.

The Audiology/Speech Pathology staff at Arkansas Children’s Hospital as well as faculty and graduate students from the University of Arkansas for Medical Sciences and the University of Central Arkansas will provide leadership for AIM HI participants.

Each student will have an opportunity to participate in a variety of activities that stimulates interaction, cooperation and communication that leads to improved social skills.

Activities to stimulate improvements in auditory comprehension, auditory discrimination and auditory reasoning skills

Participate in camp activities including fishing, swimming and boating

Opportunities to incorporate newly learned skills in all daily activities and connect with other teenagers throughout the state who are deaf or hard of hearing

Activities to learn about hearing loss, its effects on your child’s life and frequently used technology that may be helpful during academic instruction

Activities to stimulate improvements in vocabulary, communication, higher-level thinking and social interaction

Students and leaders will spend four nights in the cabins at Ferncliff Camp in Little Rock July 16 – 20, 2017.
